**SUBJECT: Agenda Item #9 Information Item – Receipt of Proposal,  
Annexation to the Yucaipa Valley Water District (Dickinson,  
Riverside County)**

---

State law now requires that any proposal involving annexation to a special district that has not been initiated by resolution of the district shall be placed on the next available Commission agenda as an informational item (Government Code Section 56857(a)). Mr. George Dickinson, landowner, has submitted a petition initiating a proposal for annexation to the Yucaipa Valley Water District (YVWD). The purpose of the annexation is to receive water service, at the present time, and ultimately sewer service through YVWD to a 160 +/- acre parcel. A map of the area is attached.

The area of consideration is located within Riverside County, adjacent to the City of Calimesa, southerly of the Wildwood Canyon area of the City of Yucaipa. The San Bernardino LAFCO will process the application as the “principal county” for the Yucaipa Valley Water District since San Bernardino County includes the greater portion of the assessed value of the District.

Government Code Section 56857(a) also sets in motion a 60-day time period in which the district involved may submit a resolution of opposition to the proposal. This 60-day time period was begun August 8<sup>th</sup>, through notification to all affected agencies that the application had been received. In response, the YVWD has submitted a resolution in support of the application (copy attached).
